

CROSS REFERENCE - End Seal Caps

The cross reference is intended to be used as a reference guide to find functionally equivalent products. While Super Seal has taken every effort to provide complete and accurate references, we are not responsible for variances due to manufacturer and industry changes, misapplications or errors. You should always consult product spec sheets and local code. Not all Super Seal products are listed in the cross reference. If you cannot find what you're looking for, please contact Super Seal direct at (203) 378-5015.
